## PREFACE

In submitting Volume III of the High Point City Directory, it is gratifying to note the progress that is being made in industries and growth of population.

A great factor in the upbuilding of any city is its civic pride; the fact that your citizens stand as a unit on everything that affects the prosperity of your city is worthy of commendation.

The City Directory is one of the foremost enterprises of any city; it is generally referred to by the press of the whole country as a semi-public institution of great value.

The Directory is more than a mere list of names of residents, giving their various occupations and addresses, it is an infallible guide to your city, for your people and for the stranger within your gates. It not only deals with your people, but with your government, your institutions and various other organizations. It is a recognized standard work of reference and becomes the most reliable history of your city and its citizens. As there is no other publication in the world which gives the information as contained in the City Directory, there is probably no other publication in which all the people are so vitally interested.

To gather the data and compile a volume of this character is no easy task. It requires much time, a well defined system, the patience of Job and incurs no little expense. Few people have any idea of the work it means and the tenacity it takes to publish a reliable directory.

In preparing this book the publishers have spared neither time nor expense, and if errors occur or a single name is omitted which should appear in the work, it is generally the fault of the public and not of the publisher, as every house is visited and it is not the publisher's or canvasser's fault if some one fails to give all the information or gives it incorrectly. The intentions of the reliable publisher are always for improvement, and you can always count on getting as accurate a directory as circumstances will permit.

The estimate of the population of a city is a matter necessarily enjoined upon the directory publisher; such estimates, however, are not merely theoretical, but based on facts, sustained by the contents of the publication.

This volume contains 4,902 names of individuals; using the conservative multiple  $2\frac{1}{2}$  times, to represent the names of married women and children not counted, indicates a population of

**12,255**

(This does not mean simply population inside the city limits, but takes in consideration all suburbs included in the Directory.)

In concluding, we desire to thank our patrons for their support and to extend our thanks to the public in general for the courteous way in which nearly everyone supplied our canvassers with the desired data. We shall continue this publication from time to time to meet the demand.

Yours truly,

PIEDMONT DIRECTORY CO.,

ERNEST H. MILLER, Pres.

# Miscellaneous Information Concerning Postage Stamps, Postal Cards and Stamped Envelopes

All postage stamps issued by the United States since 1860 are good for postage.

Postage-due stamps are used by postmasters to witness the collection of postage on short-paid matter. These stamps are not good for prepayment of postage and are not sold to the public.

Internal-revenue stamps are neither good for postage nor redeemable by the Post-Office Department.

United States postage stamps are good for postage in Guam, Hawaii, Porto Rico, and Tutuila, but not in the Philippine Islands or in the Panama "Canal Zone." Postage stamps overprinted "Philippines" or "Canal Zone, Panama," are not good for postage or redeemable in the United States.

**Postage Stamps.**—The Department issues postage stamps of the following denominations: 1, 2, 3, 4, 5, 6, 8, 10, 13, 15, and 50 cent, 1, 2, and 5 dollar, and 10-cent special delivery.

Postage stamps that are mutilated, or defaced in any way, can not be accepted for postage.

Stamps cut or otherwise severed from postal cards, embossed United States stamped envelopes, or newspaper wrappers are not redeemable or good for postage.

Postage stamps are neither redeemable from purchasers nor exchangeable for those of other denominations or any other stamped paper.

Postage stamps should not be used for making remittances. They may be lost or may adhere in transit, and such use tends to disorganize the proper equalization of postmasters' compensation under the law. Ample registry and money-order facilities are provided for the safe transmission of funds by mail.

No postage-stamped paper is sold by the Department direct; it must be bought of postmasters.

Postal cards are furnished at the postage value represented by the stamp impressed thereon.

Single postal cards for domestic and foreign correspondence are furnished at 1 cent and 2 cents each, and double (reply) postal cards at 2 and 4 cents each, respectively.

Domestic single cards are furnished in sheets of 40 each, when so desired, for printing purposes.

**United States stamped envelopes.**—The Department issues thirteen different sizes of stamped envelopes, the smallest 2 7-8 by 5 1-4, the largest 4 3-8 by 10 1-8 inches, in three qualities and five colors of paper, as follows: First quality, white and amber; second quality, buff and blue; third quality, manila. The denominations are 1, 2, 4, and 5 cent. A diagram of sizes and schedule of prices may be consulted at any post-office.

Stamped newspaper wrappers are issued in 1-cent, 2-cent, and 4-cent denominations, and in three sizes.

Unused stamped envelopes and newspaper wrappers, when presented in a substantially whole condition, will be redeemed by postmasters at their face value either in postage stamps, stamped envelopes, or postal cards, but stamped envelopes bearing a printed return card will be redeemed only from original purchasers.

## SPECIAL DELIVERY

A special-delivery stamp, in addition to the lawful postage, secures the immediate delivery of any piece of mail matter at any United States post-office within the letter-carrier limits of free-delivery offices and within a 1-mile limit of any other post-office.

Special delivery can be effected only by the use of the special delivery stamp.

**Hours of delivery:** From 7 a. m. to 11 p. m. at all free-delivery offices, and from 7 a. m. to 7 p. m. at all other offices, or until after the arrival of the last mail at night, provided that be not later than 9 p. m. Special-delivery mail must be delivered on Sundays as well as on other days, if post-office is open on Sundays.

If special-delivery matter fails of deliv-

## UNITED STATES POSTAL INFORMATION, ETC.

ery because there is no person at the place of address to receive it, the matter is returned to the post-office and delivered in the ordinary mail.

Special-delivery matter may be forwarded, but is not entitled to special delivery at the second office of address unless forwarded on a general forwarding request before attempt at delivery has been made at the post-office of original address.

A special-delivery stamp does not give a piece of mail matter any other security than that given to ordinary mail matter.

Rural letter carriers are required to deliver special-delivery mail to the residences of patrons of their routes if they live within 1 mile of the routes. Special-delivery matter addressed to patrons of rural free delivery who reside more than 1 mile from the routes will be placed in the box of the addressee in the same manner as ordinary mail.

### REGISTRY SYSTEM.

**Valuable Matter Should Be Registered.**  
**REGISTRY FEE, 10 CENTS.**

Registered mails reach every post-office in the world. The system insures safe transit and correct delivery.

In case of loss, the sender or owner of a registered article prepaid at the letter rate of postage, mailed at, and addressed to, a United States post-office, is indemnified for its value up to \$50.00.

Valuable letters and parcels, and those which the sender wishes positively to know have been correctly delivered, should be registered.

The registry fee is 10 cents for each separate letter or parcel, in addition to the postage, both to be fully prepaid with postage stamps attached to the letter or parcel.

Any piece of mail matter may be registered at any post-office or station thereof, and by any rural free-delivery carriers. In residential districts of cities, letters and packages of first-class matter that are not cumbersome on account of size, shape, or weight can be registered by letter carriers at the house door as safely as if brought to the post-office.

In order to have a letter or parcel registered it is necessary merely to have it properly prepared, addressed, and stamped, and the name and address of the sender written or printed on it. It should be handed to the postmaster, clerk, or carrier, who will write out a registration receipt for the sender.

## Eyeglasses Not Necessary

Eyesight Can Be Strengthened, and Most  
Forms of Diseased Eyes Successfully  
Treated Without Cutting or Drugging.

That the eyes can be strengthened so  
that eye glasses can be dispensed with in  
many cases has been proven beyond a  
doubt by the testimony of hundreds of  
people who publicly claim that their eye-

sight has been restored  
by that wonderful  
little instrument called  
"Actina." "Actina"  
also relieves sore and  
granulated lids, iritis,  
etc., and removes cat-  
aracts without cutting  
or drugging. Over 95,-  
000 "Actinas" have been sold, therefore  
"Actina" is not an experiment, but a re-  
liable method of treatment.

"Actina" can be used by old and young  
with perfect safety. It is impossible to do  
harm with one. Every member of the  
family can use the one instrument for any  
form of disease of the Eye, Ear, Throat  
or Head. One will last for years, and is  
always ready for use. It will be sent on  
trial, postpaid.

If you will send your name and address  
to the Actina Appliance Co., Dept. 218-N,  
811 Walnut Street, Kansas City, Mo., you  
will receive, absolutely FREE, a valuable  
book—Professor Wilson's Treatise on  
Disease.
